

Section II: PASRR Screen Decision-Making

SMI or suspected SMI (check all that apply):

- Anxiety Disorder
- Bipolar Disorder
- Depressive Disorder
- Dissociative Disorder
- Panic Disorder
- Personality Disorder
- Psychotic Disorder
- Schizoaffective Disorder
- Schizophrenia
- Somatic Symptom Disorder
- Other (specify)

Substance Abuse

ID or suspected ID (check all that apply):

- Autism
- Cerebral Palsy
- Down Syndrome
- Epilepsy
- Intellectual Disability with an IQ lower than 70
(specify):

- Prader-Willi Syndrome
- Spina Bifida
- Other (specify)

Age of onset for intellectual disability?*	____ Years
Age of onset for any related condition?*	____ Years

*If known.

Finding is based on:

- Documented History
- Medications
- Behavioral Observation
- Individual, Legal Guardian, or Family Report
- Other (specify)

Additional Information:

If any of the above items are checked, a Level II evaluation must be completed.

Other Indications for PASRR Screen Decision-Making

1. Is there an indication within the past 3 to 6 months the individual has a disorder resulting in functional limitations in major life activities that would otherwise be appropriate for the individual's developmental stage? Yes No

2. Does the individual typically have at least one of the following characteristics on a continuing or intermittent basis?
 - A. Interpersonal functioning: The individual has serious difficulty interacting appropriately and communicating effectively with other persons, has a possible history of altercations, evictions, fear of strangers, avoidance of interpersonal relationships, social isolation, or has been fired. Yes No

 - B. Concentration, persistence, and pace: The individual has serious difficulty in sustaining focused attention for a long enough period to permit the completion of tasks commonly found in work settings or in work-like structured activities occurring in school or home settings, manifests difficulties in concentration, inability to complete simple tasks within an established time period, makes frequent errors, or requires assistance in the completion of these tasks. Yes No

 - C. Adaptation to change: The individual has serious difficulty in adapting to typical changes in circumstances

associated with work, school, family, or social interaction, manifests agitation, exacerbated signs and symptoms associated with the illness, or withdrawal from the situation, or requires intervention by the mental health or judicial system. Yes No

3. Is there an indication that the individual has received recent treatment for a mental illness with an indication that the individual has experienced at least one of the following?

A. Psychiatric treatment more intensive than outpatient care more than once in the past two years (e.g., partial hospitalization or inpatient hospitalization). Yes No

B. Within the last two years, due to the mental illness, experienced an episode of significant disruption to the normal living situation, for which supportive services were required to maintain functioning at home, or in a residential treatment environment, or which resulted in intervention by housing or law enforcement officials. Yes No

4. Has the individual exhibited actions or behaviors that may make them a danger to themselves or others?
 Yes No

If any of the above items are checked YES, a Level II evaluation must be completed.

Section III: PASRR Screen Provisional Determination

Not a provisional admission

Provisional admission (choose one of the following):

The individual being admitted has delirium. The Level II evaluation must be completed within 7 days after the delirium clears.

The individual is being admitted on an emergency basis requiring protective services. The Level II evaluation must be completed within 7 days of admission, on or before (date): _____.
(mm/dd/yyyy)

The individual is being admitted for caregiver's respite. The Level II evaluation must be completed in advance of the expiration of 14 days if the stay is expected to exceed the 14 day time limit, on or before (date): _____.
(mm/dd/yyyy)

The individual is being admitted under the 30-day hospital discharge exemption (attach Form 3008 and physician signature required below). If the individual's stay exceeds 30 days, the Level II evaluation must be completed no later than the 40th day of admission, on or before (date): _____.
(mm/dd/yyyy)

An attending physician's signature is required for those individuals admitted under this 30-day hospital discharge exemption. The signature is not necessary if already on the 3008 Form.

ATTENDING PHYSICIAN'S SIGNATURE

DATE (mm/dd/yyyy)

If a provisional admission is indicated, the individual may enter the NF without a Level II evaluation if the Level I screen indicated a suspicion of SMI and/or ID. However, a Level II evaluation must be completed, if required, by submitting the documentation for the Level II evaluation to CARES or DOH within the time frame indicated in Section III.

Section IV: PASRR Screen Completion

Individual may be admitted to the NF (check one of the following):

- No diagnosis or suspicion of SMI or ID indicated. Level II evaluation not required.
- Provisional admission

Individual may not be admitted to the NF. Refer for Level II evaluation because there is a diagnosis or suspicion of:

- SMI
- ID
- SMI and ID

Significant change in a nursing facility resident:

- SMI
- ID
- SMI and ID

Screener's Name (print)

Signature

Credentials

_____ / _____ / _____ _____ / _____ / _____
Date (mm/dd/yyyy) **Fax** **Phone**

Place of Employment

*******Incomplete forms will not be accepted*******

Completed Level I screen form **distributed to:**

- Local DOH** office, under the age of 21
 Dates: _____
 (mm/dd/yyyy)
- Local CARES*** Office, age 21 or older
 Date: _____
 (mm/dd/yyyy)
- Nursing Facility
 Date: _____
 (mm/dd/yyyy)
- Discharging Hospital if applicable
 Date: _____
 (mm/dd/yyyy)

Notice of referral for Level II, if applicable, **distributed to** (including information on how to obtain the evaluation):

- Individual/Representative
 Date: _____
 (mm/dd/yyyy)

If the individual requires a Level II evaluation, submit the completed Level I form, documented informed consent, completed AHCA 3008 form, other relevant medical documentation including case notes, medication administration records and any available psychiatric evaluation to CARES or DOH.
